

Webinar Series: Understanding and addressing adolescent alcohol harm

Webinar 4 – Understanding and addressing alcohol harm in Pasifika adolescents

Date: Thursday 23 February 2023

Time: 12pm to 1pm

Pasifika adolescents are less likely to drink alcohol than Pākehā adolescents, yet alcohol-harm is high among those who do drink. In this webinar, the latest findings on alcohol use and harm in Pacific adolescents will be presented and ideas for reducing alcohol harm will be discussed. More details about this webinar coming soon.
